eDiscovery, Litigation, and Investigations

Unparalleled insight, automation, and expertise help you minimize risk, reduce data complexity, and drive efficiency.

From processing and collections to predictive coding and analytics, we offer you time-tested expertise with customizable technology and end-to-end services to meet any eDiscovery need.

SCALABLE, NEXT-GENERATION SOLUTIONS

We are pioneering the next generation of legal solutions with technology-enabled, analytics-driven discovery and review. We have invested in the most advanced, widely accepted technologies and built an industry-leading platform to seamlessly manage data across your entire legal portfolio.

DECADES OF EXPERIENCE

Since 1997, law firms and corporate legal teams have trusted and relied on our expertise and ingenuity to solve complex legal challenges across the entire data lifecycle. Innovative, technology-driven solutions built on our heritage of managed review help you manage risk, control costs, and get more done, more effectively, with less effort and stress.

SERVICE EXCELLENCE

We are easy to work with, responsive, and reliable. Clients value our entrepreneurial spirit and the relationships they build with our people. We've earned their trust as a valued partner, working as an extension of their teams and invested in their success.

Solutions to meet evolving and complex legal obligations.

FORENSICS & COLLECTIONS Our experts employ best practices, powerful tools, and a tailored approach to collect, analyze, and preserve complex and sensitive data to ensure integrity and defensibility.

PROCESSING & HOSTING We offer multiple processing and hosting options through Relativity, Nuix, and Disco, enhanced with proprietary workflows and automation tools to deliver insight into your data with speed and efficiency.

DATA REDUCTION & ANALYTICS We employ AI, machine learning, and early case assessment (ECA) tools to enhance our legal and data expertise for a defensible, cost-effective approach to finding the data that matters.
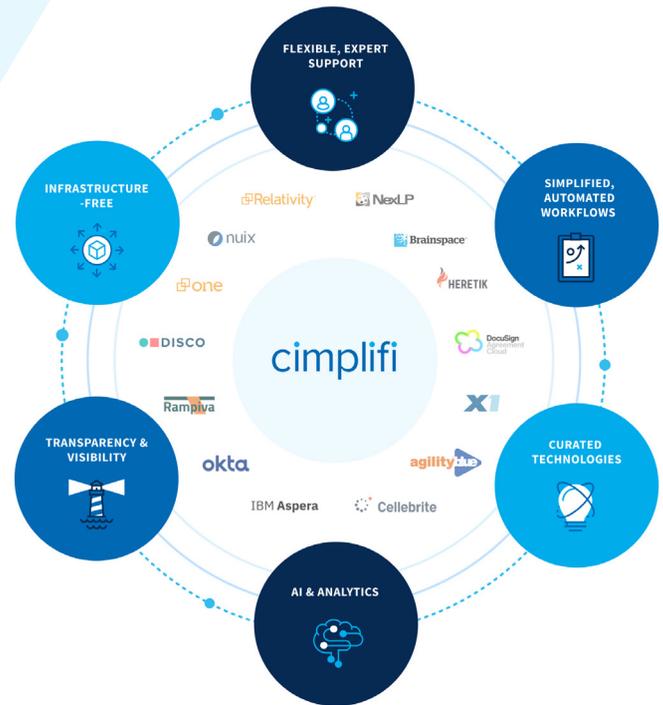

MANAGED REVIEW Flexible and customizable services bring together market-leading technologies, best practices, proprietary workflows, analytics and AI, and expert project management to reduce volume and costs, while increasing speed and precision for high quality deliverables and better outcomes.

cimplifi™

We empower your team with a simplified, seamless platform to power your eDiscovery, litigation, and investigations.

Cimplifi enhances industry-leading eDiscovery tools with proprietary innovations to pull everything together for greater visibility and control in an easy-to-use, end-to-end system that streamlines processes, unifies reporting, and empowers users. Use for your entire eDiscovery operation or for a single case.
