

Cimplifi™ Innovations

Client-driven innovations offer integration with intelligence.

Developed with client input and designed to solve your workflow challenges, our CI tools deliver a seamless, user-friendly experience, valuable insights and benefits, all with less complexity and effort.

CI ADMIN

The ultimate tool, offering convenience and simplification through streamlined administration and expansive tool permissions. Featuring SSO log-in, cross-tool user management, and custom enhancements.

CI PROCESSING PRO

Using our proprietary ECA workflows and Rampiva automation engine, easily process your data through Nuix processing without having to be a Nuix Certified professional.

CI CLICK

A single click, multi-select coding button in Relativity. Reviewers can quickly code multiple fields like responsiveness, confidentiality, privilege, and issues in one click.

CI TRANSCRIBE

Minimize discovery spend and time by transcribing, searching, and analyzing audio and video evidence to quickly identify and focus on relevant data only.

CI TRANSLATE

Translate your documents on the fly in more than 50 languages using Azure Cognitive Services Translator. Its easy-to-use and intuitive design makes it simple to translate documents with just a few clicks.

CI MIGRATE

Move your data from any review tool into Relativity OnPrem or RelOne with ease and transparency through customized best practices, workflow automation tools, and real-time status monitoring.

CI ARCHIVE

With just a few clicks, you can ARM (archive, restore, and move) Relativity workspaces for ultimate flexibility and efficiency in storage.

CI TOOLKIT

A full suite of data management tools with everything you need to easily manage your data prior to upload and processing.

POWERCI

Make more informed decisions with real-time metrics and insights in CI Migrate, CI Transcribe, CI Translate and more through our unified dashboard.

CI SUPPORT

Access a one-stop shop for all support articles and communicate with our helpdesk, project management, and techs directly through your own private Slack channel.
