

AI orchestration. Built for trust.

Unlock the full power of AI through expert coordination—driving reliable, defensible outcomes.

Technology is evolving faster than most legal teams can keep up with. Cimplifi helps organizations cut through the complexity by orchestrating the right combination of AI, integrated workflows, and expert support to create more connected, efficient, and defensible legal operations.

For nearly 30 years, law firms, corporate legal departments, and public sector organizations have relied on the expertise and ingenuity of Cimplifi™ to navigate complex legal and data challenges and deliver results.

Tailored Solutions

For your most complex, data-driven problems.

FORENSICS & COLLECTIONS

Defensible, expert-led data collection and analysis across diverse systems and devices.

MANAGED SERVICES

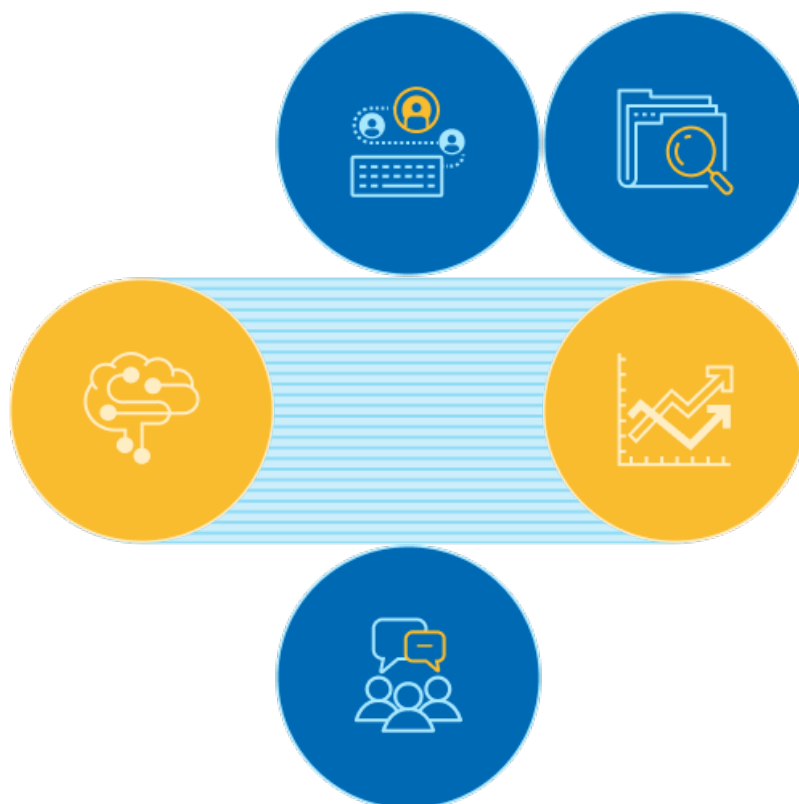

Flexible support that helps legal teams scale operations, optimize workflows, and improve efficiency.

eDISCOVERY, LITIGATION & INVESTIGATIONS

Integrated technology, AI-enabled workflows, and expert services to reduce complexity and drive defensible outcomes.

CONTRACT ANALYTICS & LIFECYCLE MANAGEMENT

AI-powered analytics, technology-driven workflows, and legal expertise to optimize contract operations across the lifecycle.

The Cimplifi Difference

AI-orchestrated legal operations, simplified.

UNIFIED TECHNOLOGY, AI & SERVICES

We bring together technology, AI, workflows, and expert support into a connected operational experience tailored to your needs.

DEFENSIBLE WORKFLOWS & GOVERNANCE

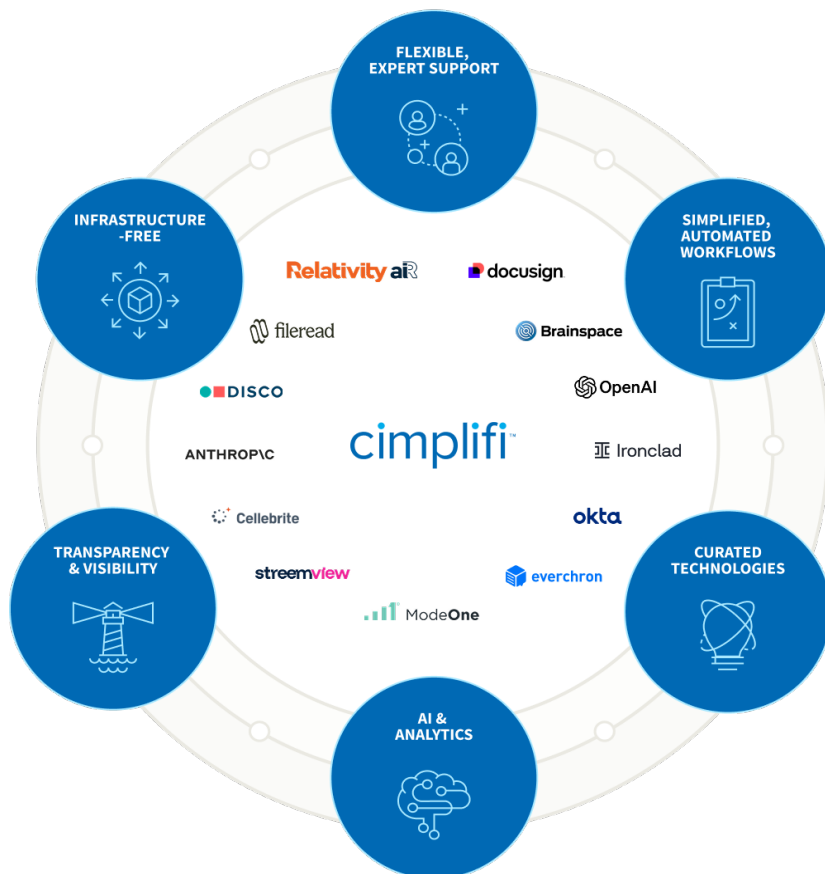

Integrated workflows and proven processes help legal teams improve consistency, reduce risk, and maintain defensibility.

OPERATIONAL VISIBILITY & COST CONTROL

Unified reporting, dashboards, and analytics provide greater transparency, actionable insights, and more predictable operations.

TRUSTED BY FIRMS & ENTERPRISES

For nearly 30 years, law firms, corporate legal departments, and public sector organizations have relied on Cimplifi for proven expertise, scalable execution, and responsive support across complex legal and data challenges.
