

# Discover AI-Powered Review

## The most advanced fixed fee offering

### **COST EFFECTIVE, AI-POWERED EFFICIENCY**

The demand for greater efficiency, accuracy, and cost-effectiveness in document review is crucial. Cimplifi AI Review, a fixed fee document review solution, powered by Relativity aiR and our AI workflow experts, delivers predictable costs, faster review times, and peerless precision—empowering legal teams to meet deadlines and reduce expenses without compromising quality.

### **COST REDUCTION WITH TRANSPARENT PRICING**

Unlike traditional review that can lead to unpredictable costs and unknown timelines, Cimplifi AI Review provides clear, upfront pricing while leveraging AI to reduce manual effort, increase throughput and pace, while ensuring cost savings, and delivering value without surprises.

### **ACCELERATED INSIGHTS WITH ADVANCED TECHNOLOGY**

Relativity aiR's machine learning capabilities enable rapid identification of relevant documents and precise categorization, significantly shortening review timelines. With throughput comparable to that of a large review team, the AI delivers exceptional efficiency while maintaining consistent and reliable predictions. This empowers legal teams to respond quickly, make informed decisions, and stay ahead of critical deadlines, complementing human expertise with dependable results.
